

SAM AI

SOFTWARE HUMANIZED™

MY PROFILE

My mission is to humanize the software experience. I do this in 3 ways. Warm Intros through trust network for biz dev - alternative to cold calls/emails. Voice activated conversational AI - saving CRM users 28+ hours of data entry. And an integrated platform to eliminate data blind spots.

FUNCTIONS I CAN PERFORM

- Intro & Referral Trust Network
- Network Powered CRM
- E-Mail Marketing
- Workflow Automation
- Deal Flow & Pipeline Management
- 360° Customer Journey
- Conversational Reporting

I WORK WELL WITH OTHERS

I can be hired to do all of the above or just a few, I can work independently or as a team. I run on Web, iOS, Android and play nice with Gmail, Outlook, LinkedIn, Twitter, Google Analytics and many other apps through Zapier.

I'VE EARNED 5 STAR USER RATING ON
